## **For the Glory of God**

It is our desire that the work of planting a church here in Belgrade, Serbia abound to the glory of God. Things are difficult as hearts are often hardened through religious traditions. But we are so thankful for the work we see God doing in opening hearts and drawing lives unto himself. Seeds are being planted and watered and we are expecting a great harvest. Please continue to pray.

Jesus said that when He was raised up on the cross He would draw all men unto himself. That power is at work here in Belgrade. We know that He loves the people of Serbia because Jesus, God's Son, shed His blood for them. We are trusting Him for many lives changed as Belgrade International Church continues to make disciples who make other disciples.

## **Ministry to Youth**

Our youth outreach through a board game room continues as we touch young people with the gospel and begin the discipleship process. We have a young Serbian man who is leading this ministry. Through His love and acts of kindness, we are asking God to open hearts. The revivals here in Serbia in the past have been among the youth. We are asking God to do it again for His glory.

## **Construction**

Many of you have given for the church building in the city of Pozaravac. The church members have worked very hard in renovating an old building. Now they have a place of their own where they can worship and evangelize after many years of meeting in a garage. The pastor and his congregation are truly thankful for your generosity.

*Construction in progress on Pozaravac church*

## **Please pray:**

- That God will work deeply in the hearts of those He has brought into our lives as we make disciples
- For the youth that come to our game room, that they will commit their lives to Christ
- For Belgrade International Church, that it will be a shining light in the darkness of this city
- For our Muslim friends from Syria and Turkey, that they would experience the love of the Savior
- For wisdom for every situation and difficulties we face
- For the anointing of the Spirit to rest upon us and upon Aleksandar who is leading the youth game room outreach
